

OFFICE OF THE DEAN

Huye, 9th November 2020

CALL FOR 4 MONTHS EMPLOYMENTS

1. Background

The ROBEEC ltd is a Company registered under TIN: 110819618, administratively located at Mbazi Sector, Mutunda Cell, Huye district, and its main business activity is beekeeping.

ROBEEC ltd in Collaboration with the School of Forestry, Biodiversity and Conservation at UR-CAVM (represented by Prof. Donat Nsabimana and Dr Mugunga Canisius as researchers), with the ROBEEC scientific team, Prof. Roch Domerego and Jean-Baptiste Habimana (co-researchers), have a research project titled “Projet de connaissance scientifique de l’abeille Rwandaise (scientific knowledge of honeybee native in Rwanda)”,

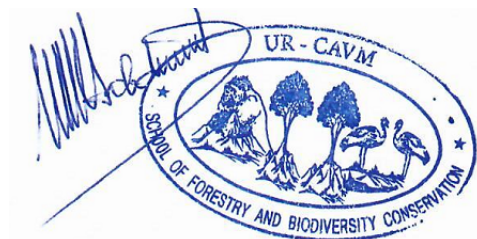

2. Call for application

ROBEEC ltd and above mentioned researchers want to hire 3 temporal employees (4 months) to collect data on the life of honeybees. Those employees include one agronomist, one biologist and one veterinary, with BSc qualifications. Their employment will have following specifications:

- Work period: 1st December 2020 to 31st March 2021, working from Monday to Friday.
- Work specification: counting the number of bees that leave the hive during the foraging period and collection of daily temperature and hygrometry.
- Working place: ROBEEC laboratory and apiaries, located at Mbazi sector, Mutunda Cell, in Huye district.
- Salary and allowances: Total salary including taxes (250,000 Rwf), Daily transportation (1,000 Rwf), and daily food (500 Rwf).

3. How to apply

Interested candidates are requested to submit their electronic application to Prof. Donat Nsabimana (e-mail: donatus_1999@yahoo.fr, d.nsabimana@ur.ac.rw) and copy to robeecltd@gmail.com no later than Monday, 23rd November 2020, at 18h00. The application file will be composed by a strong motivation letter explaining why do you think you are qualified for that job, and a CV.

Ass. Prof. Donat Nsabimana
Dean of SFBC, UR-CAVM
